Senate Bill 819 Resentencing Request

The Benton County District Attorney's Office will review every SB 819 resentencing request with the goal of promoting public safety by delivering justice. Great deference will be given to a sentence already issued. Sentence Judgments are the product of careful evaluation by the defense, prosecution and a judge; and are subject to the appellate process, post-conviction relief process, and the Governor's clemency process. The public and victims rely upon the finality of that process. Reopening an already closed case is of no small import to the taxpayers who pay for our system of justice. Therefore, the following instructions must be followed and questions completely answered by the defendant in the underlying case before a resentencing request will be considered. Incomplete Resentencing Request packets will be automatically denied.
